2019

Our team

Stuart Milligan

Technology Manager

Kim Hagen

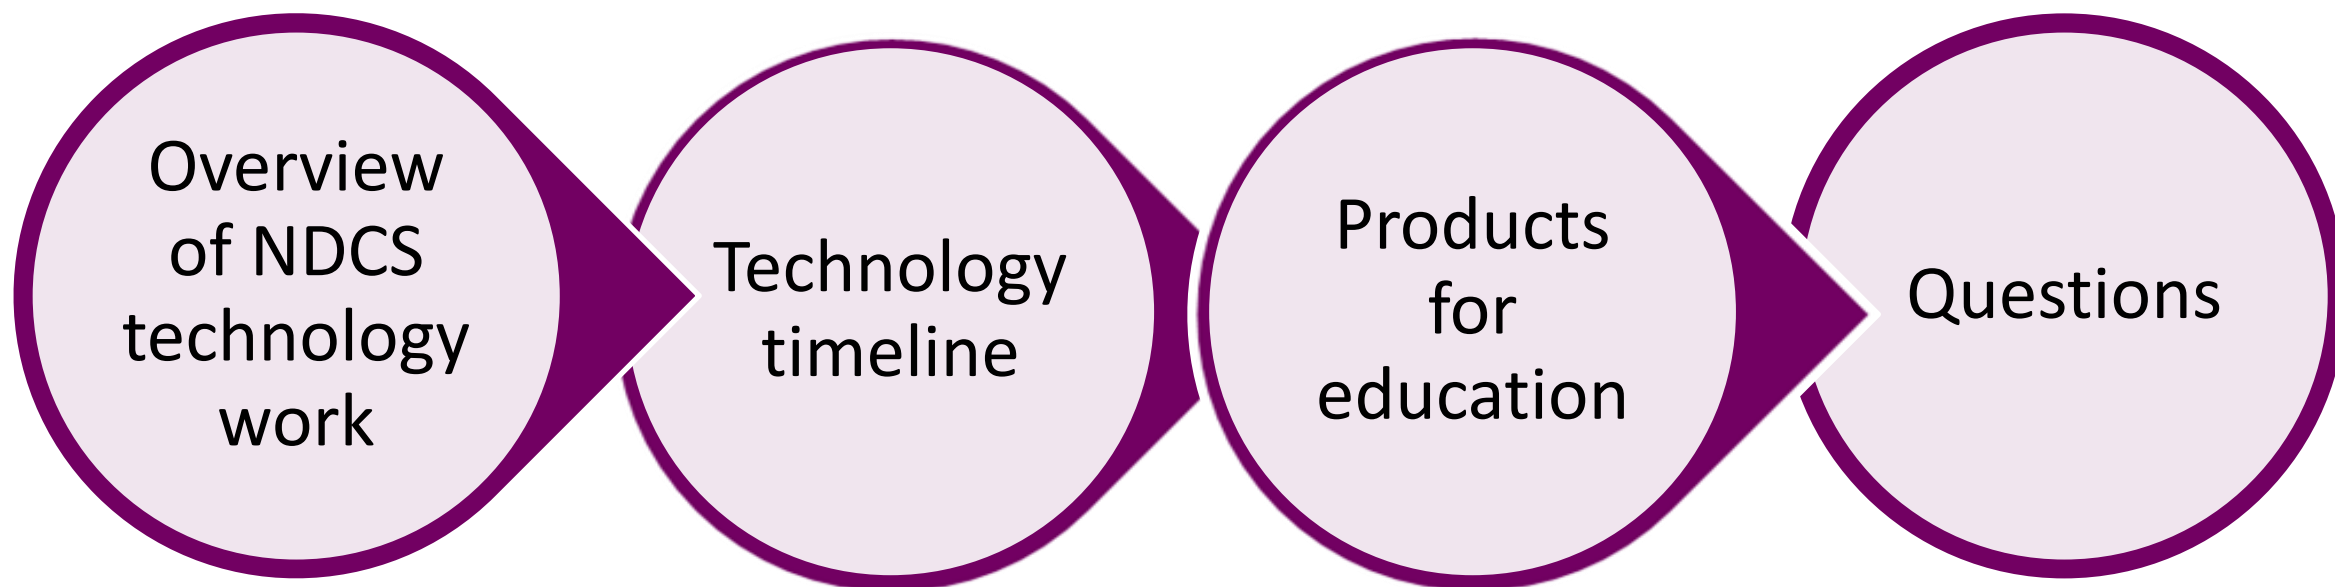

Technology Research Officer

Peter Joslyn

Technology Products Officer

What we'll cover

Our resources and services

Technology Test Drive

- 1 month loans
- Over 100 different products available
- Products loaned to over 600 families last year
- New products added all the time
- User reviews available on many products
- 90% of loans enabled an informed decision on assistive technology

Borrow to Buy scheme (in partnership with Phonak)

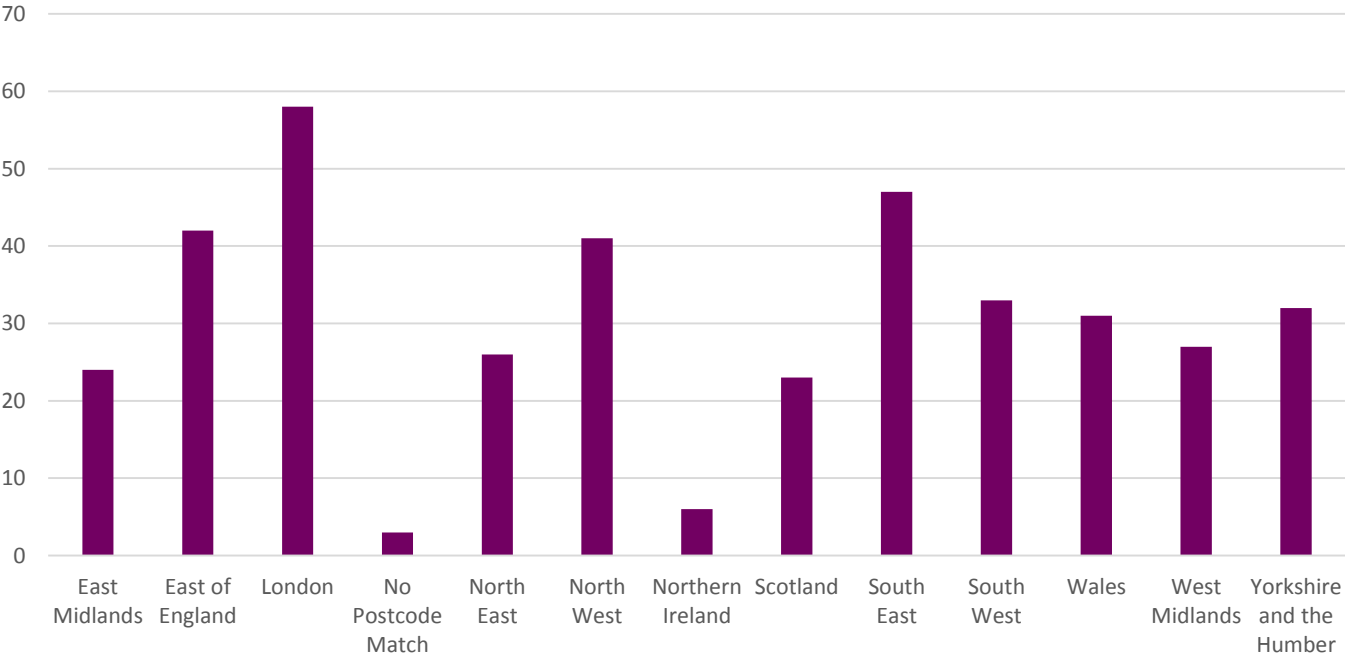

- 90 day loans
- Includes Phonak radio aids, soundfield systems and accessories
- Families/LAs have option to buy if useful
- 100% of families say that the scheme gives them access to Radio Aids that they wouldn't otherwise have had

LENA Loan Service

- Listening Environment Analysis
- Evidence base for change/improvement
- Limited usage/uptake in UK
- Fit bit for words

North East	26
North West	41
Northern Ireland	6
Scotland	23
South East	47
South West	33
Wales	31
West Midlands	27
Yorkshire and the Humber	32

“It gave us the chance to see the product in the flesh and test it out in different scenarios. Having a trial meant we could find out how user friendly the product was and the benefits it could give to our children.”

Technology – In the past

1850

Hearing horns

1900 - 1939

Carbon
hearing aids

1921 - 1952

Vacuum Tube
hearing aids

1953

Transistor
hearing aids
(body worn)

1960

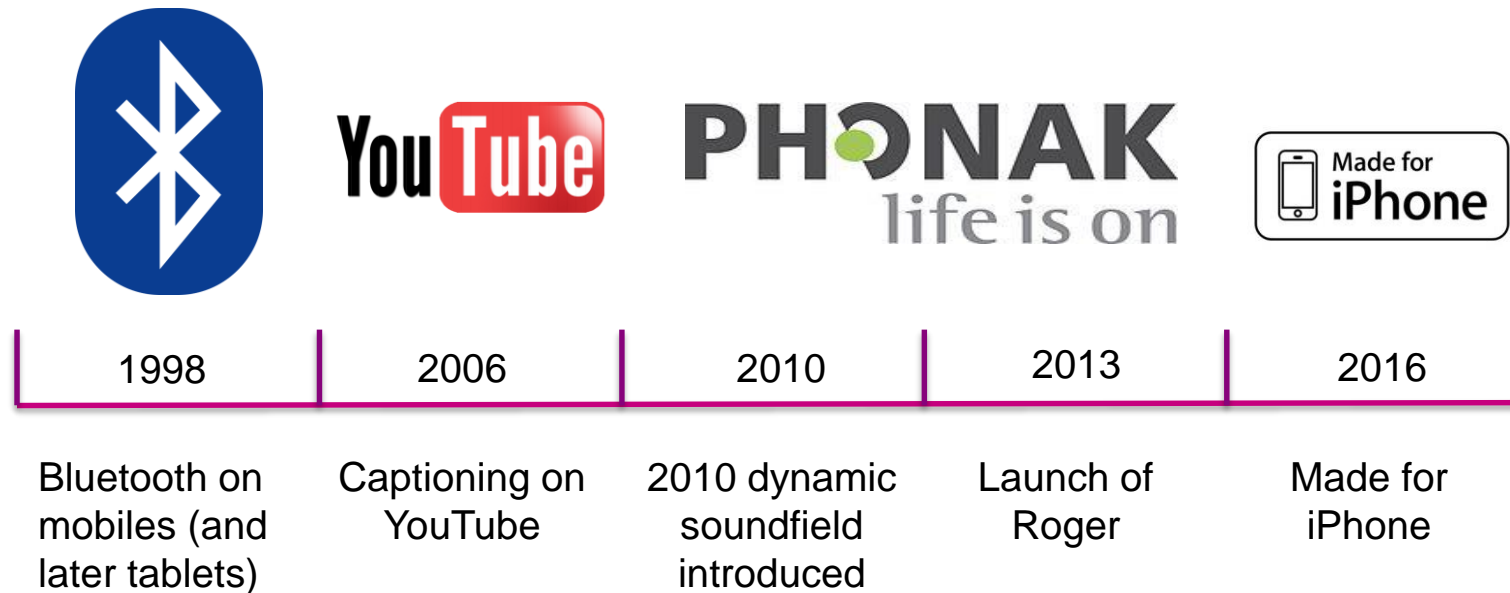

Transistor
hearing aids
(BTE)

1981

Cochlear
implants

Technology – In the present

Attainment

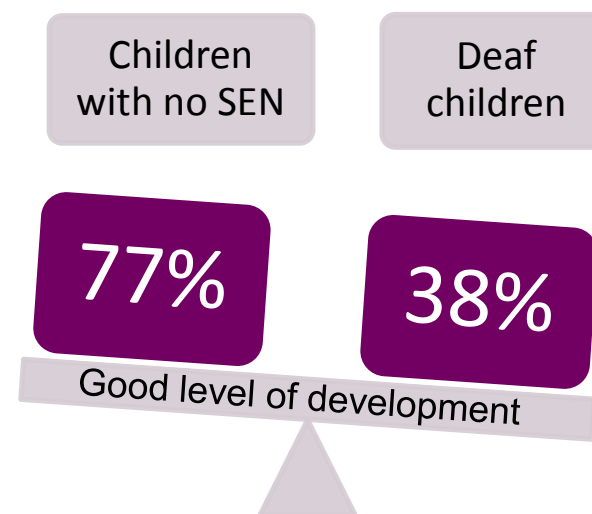

There are
43,000 deaf
children
across the
UK

78% attend
a
mainstream
school

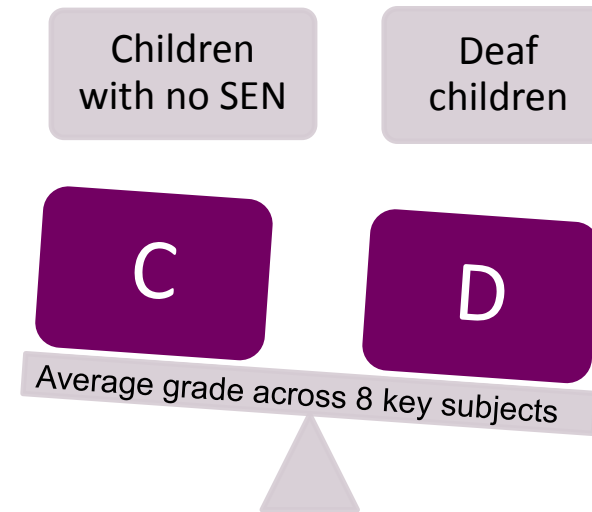

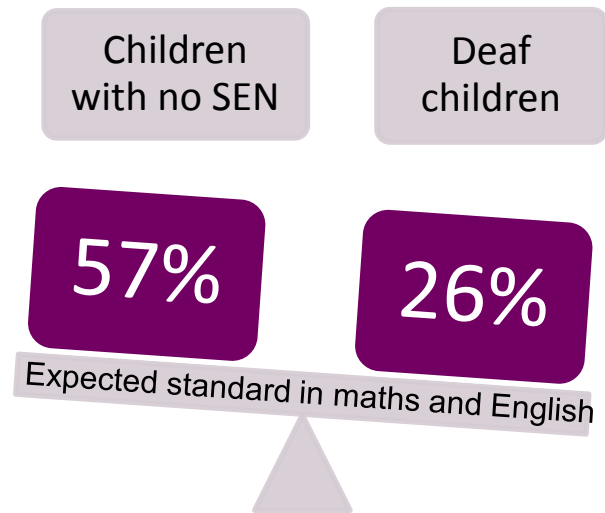

1239 ToDs

62% of
services
provide radio
aids for home
use (up 46% in
2016)
