

Hello Everyone

- Rotherham HI Team
- Julie Campbell QTOD Resource Base Manager
- Tracey Lawton Deaf Instructor
- Suzanne Rodgers Specialist Support Assistant

We are part of the Rotherham HI Team Based at Wickersley Secondary High School in Rotherham

Why are we doing this?

- What do they need to know?
- Why?
- Where will they get help?
- How can they be responsible for themselves?
- How can they equip their knowledge to do this?
- Who can they go to for help?
- They will be well prepared before they leave school, to enter the hearing world!

How do they access their Audiology needs

Example of how to write about the subject you want to study

Storytelling, in all its forms, intrigues me: from the simplest haiku to the oral stories of family history; from classic literature to TV drama. The methods used to hook the reader, the chosen language, and the use of allegory, all leave me wanting to read more and discover more literary voices. I can find pleasure in almost any genre, from magical realism to classic literature to sci-fi. Within these genres, I have recently enjoyed Gabriel Garcia Marguez' One Hundred Years of Solitude: Oscar Wilde's The Picture of Dorian Gray; and Haruki Murakami's Hard-Boiled Wonderland and the End of the World. I look forward to deepening my understanding of genre and how it has changed and continues to change. I hope to continue to broaden my reading. My understanding of ancient texts has been limited to what I have been introduced to at school so I haven't yet had the opportunity to study any of the Greek and Roman classics. I am keen to discover these literary works and learn about their influence on English literature.

Psychology: example of why it appeals to you as a course

As the mental health crisis among young people worsens, the need for us to understand people becomes even more important. I know that psychology alone can't solve the world's problems, but I find it exciting to think that current research by psychologists could provide further evidence needed to address this epidemic. I enjoy studying the sciences and humanities, so I feel confident that the breadth offered in a psychology degree will work well for me. I am particularly interested in the areas where psychology and health connect, whether that's understanding the psychological and emotional aspects of terminal illness or looking at the evidence of how social isolation and depression are connected.

When you apply to the course for college & university or possible job

How you can get help at Sixth Form, College, University?

Sight and Sound Rotherham

Rotherham Sight & Sound

Our Rotherham Sight & Sound centre opened in August 2017. This new service was established after we were contacted by Rotherham Council who had reviewed their service provision for people with a sensory impairment and wanted to partner with SRSB to develop their service provision across the Rotherham Metropolitan Borough Council area. We are therefore contracting with Rotherham council to deliver a range of services. Our new centre is based on Ship Hill in Rotherham.

As this is a sensory service we deliver services to people with a visual impairment, deaf people, both hearing aid users and British Sign Language (BSL) users, as well as people with a dual sensory loss (deafblind).

How to register with a GP practice

Doctor prescription

Ordering repeat prescriptions by online

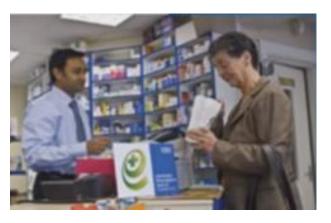

Electronic Prescription Service

With EPS you will not have to visit your practice to pick up your paper prescription anymore.

You will have more choice about where to get your medicines from because you can choose a pharmacy near to where you live, work or shop.

It is information about how you can get EPS, you may need to ask your GP for change with repeat prescriptions https://a

A new way to get your medicines and appliances

The Electronic Prescription Service (EPS) is an NHS service. It gives you the chance to change how your GP sends your prescription to the place you choose to get your medicines or appliances from.

What does this mean for you?

- If you collect your repeat prescriptions from your GP you will not have to visit your GP practice to
 pick up your paper prescription. Instead, your GP will send it electronically to the place you
 choose, saving you time.
- You will have more choice about where to get your medicines from because they can be collected from a pharmacy near to where you live, work or shop.
- You may not have to wait as long at the pharmacy as there will be time for your repeat prescriptions to be ready before you arrive.

Is this service right for you?

Yes, if you have a stable condition and you:

- don't want to go to your GP practice every time to collect your repeat prescription.
- collect your medicines from the same place most of the time or use a prescription collection service now.

It may not be if you:

- don't get prescriptions very often.
- pick up your medicines from different places.

How can you use EPS?

You need to choose a place for your GP practice to electronically send your prescription to. This is called nomination. You can choose:

- a pharmacy
- a dispensing appliance contractor (if you use one).
- your dispensing GP practice (if you are eligible).

Ask any pharmacy or dispensing appliance contractor that offers EPS or your GP practice to add your nomination for you. You don't need a computer to do this.

Can I change my nomination or cancel it and get a paper prescription?

Yes you can. If you don't want your prescription to be sent electronically tell your GP. If you want to change or cancel your nomination speak to any pharmacist or dispensing appliance contractor that offers EPS, or your GP practice. Tell them before your next prescription is due or your prescription may be sent to the wrong place.

Is EPS reliable, secure and confidential?

Yes. Your electronic prescription will be seen by the same people in GP practices, pharmacies and NHS prescription payment and fraud agencies that see your paper prescription now. Sometimes dispensers may see that you have nominated another dispenser. For example, if you forget who you have nominated and ask them to check or, if you have nominated more than one dispenser. Dispensers will also see all the items on your reorder slip if you are on repeat prescriptions.

For more information visit www.hscic.gov.uk/epspatients, your pharmacy or GP practice.
