Get started with Reflect in Teams

Microsoft Teams for Education

Help students recognize and navigate their emotions by providing regular opportunities to share and be heard. Reflect can help broaden learners' emotional vocabulary and deepen empathy for their peers while also providing valuable feedback to educators for a healthy classroom community.

This check-in app uses emojis and research-backed emotional granularity to support educators in adding social and emotional learning into their already busy routine.

Educators

Students

Beyond the data

Create a Reflect check-in

Encourage reflective conversations in your class by making check-ins a part of your routine.

1. Navigate to your desired class and channel, then select **New conversation**.
2. Select ... to bring up messaging extensions. Then enter **Reflect** into the search bar.

MS Teams

Reading Progress in Teams – Support and track reading fluency. Students record their reading on camera and submit it to you. Data is automatically collected and organized in Insights. Similar to a miscue analysis.

A large yellow triangle is positioned in the bottom right corner of the slide, pointing towards the top right.

class, then select the **Assignments** tab at the top of the page.

- Under **Assigned** select the assignment you're ready to review.
- Assignments are sorted by **To return** and **Returned**.
- In **Returned**, select a student who has turned in their assignment. Their recording and the text they were assigned will open in your grading panel.
- Press **Play** on your student's recording to hear them read the passage.
- Mark and categorize student errors by selecting any word they misread. Choose an error type from the dropdown menu. Reading Progress will collect and tabulate the errors in the **Accuracy rate** and **Correct words per minute** cards at the top of the review panel.
- Enter feedback and points for the assignment, then select **Return**.
- Press the arrows next to your student's name to

To return (13)		Returned (0)

Google

Live transcription of media

Live Captions uses machine learning to spontaneously create captions for videos or audio where none existed before and making the web that much more accessible for anyone who's deaf or hard of hearing.

When enabled, Live Captions automatically appear in a small, moveable box in the bottom of your browser when you're watching or listening to a piece of content where people are talking.

Chrome

Zoom

Reordering videos in Gallery View

- teachers/hosts can drag and drop video tiles and lock them into a [fixed configuration](#) to create a virtual seating chart.

Customizing the video order

When in Gallery view, you can click and drag videos to create a custom video order. After the first change, all other participant tiles will remain in place until moved. New participants will be added to the bottom-right, on the last page if multiple are present. Your custom order will be seen only by you, or the host can deploy their custom view to all participants. This order can be released and the order will revert to the default.

1. Click and drag any participant video to the location on screen you want.

2. Continue as needed to achieve your desired on-screen order.
3. (Optional) As the host, click **View**  to enable or disable these options:

Zoom

Multi-pinning — users can [pin](#) up to nine videos on screen in their custom personal view, improving accessibility for students who are deaf or hard of hearing by allowing them to pin both their teacher and sign language interpreter.

The host needs to enable a user to be able to multi pin

/ideo

At the top of your meeting window, hover over the video of the participant you want to pin and click... In the menu, click **Pin**.

Optional: If the host wants to pin additional videos (up to 9 total), follow steps 1 & 2 again as needed.
Optional: If you have at least 3 participants in the meeting and dual monitor enabled, you will have the option to pin to your first screen or your second screen.

Zoom

- **Multi-spotlight** — the host can [spotlight](#) up to nine participants during a Zoom session, which allows a group of participants, such as students, a keynote speaker or panel to present as a group. Those participants who are pinned will be the **primary active speakers for all participants in the meeting and cloud recordings**. You need at least 3 participants in the meeting with their video on.
- **Live captioning** - only in Beta. Has to be enabled in the account settings.

Apple

SignTime

- Enables customers to communicate with AppleCare and Retail Customer Care by using American Sign Language (ASL) in the US, British Sign Language (BSL) in the UK, or French Sign Language (LSF) in France, in their web browsers.
- Customers visiting Apple Store locations can also use SignTime to remotely access a sign language interpreter without booking ahead of time. SignTime will initially launch in the US, UK, and France, with plans to expand to additional countries in the future.

For more information, visit apple.com/contact.

PowerPoint Live transcription

The screenshot displays the Microsoft PowerPoint interface. The title bar shows the file name 'Tech Update - Saved' and the user 'Emma Parker'. The ribbon is set to 'Slide Show', with options for 'From Beginning Current Slide', 'Present Online', 'Custom Slide Show', 'Rehearse with Coach', 'Set Up Slide Show', 'Record Slide Show', 'Hide Slide', 'Rehearse Timings', 'Keep Slides Updated', 'Use Timings', 'Play Narrations', and 'Show Media Controls'. The slide content includes:

- 1 Tech Update
- 2 PowerPoint
- 3 MS Teams
- 4 Google
- 5 Google
- 6 Zoom
- 7 Apple

The current slide (Slide 4) is titled 'Google' and contains the following text:

Live transcription of media

- Chrome
- Pixel
- App

An illustration of a hand holding a smartphone with a green icon on the screen is positioned to the right of the text. At the bottom of the slide, there are two URLs:

support.google.com/accessibility/android/answer/9158064?hl=en-GB

<https://support.google.com/accessibility/android/answer/9158064?hl=en-GB>

The status bar at the bottom indicates 'Slide 4 of 8' and 'English (United Kingdom)'. A video call inset in the bottom right corner shows a woman with glasses and a patterned top.
