

## 4: Give me some food. [Video](#)

Previous learning. Can you remember what these drinks are?

- Моя вода. **Moya voda.**
- Моя кава. **Moya kava.**
- Мій чай. **Miy chay.**
- Мій сік. **Miy sik.**
- Де моє вино? **De moye vyno?**
- Де моє пиво? **De moye pyvo?**

They are from lesson 3 if you need to check. Now it's time to learn words for some snacks.

- Піца. **Pitsa.** Pizza
- Чіпси. **Chipsy.** Crisps
- Торт. **Tort.** Cake
- Сендвічі. **Sendvichi.** Sandwiches

Tort is a type of cake. In this lesson you learn words for two types of tort:

- Лимонний торт. **Lymonnyy tort.** Lemon cake.
- Шоколадний торт. **Shokoladnyy tort.** Chocolate cake.

Remember the simple way to ask for something is to use the word for please: будь ласка, **bud' laska.** Ukrainian has a lovely directness to it, so the polite way to ask is to say give me, which is дайте мені, **dayte meni.** Here are a couple of other items you might like to ask for:

- Сендвіч зі стейком. **Sendvich zi steykom.** Steak sandwich.
- дайте мені сендвіч зі стейком. **Dayte meni sendvich zi steykom.**
- Сендвіч з салатом. **Sendvich z salatом.** Salad sandwich.
- дайте мені сендвіч з салатом. **Dayte meni sendvich z salatом.**

The words for steak and salad are стейк, **steyk,** and салат, **salat.** The nouns change depending on their use in a sentence. If you look at the words for steak and salad sandwiches you will see there is a difference. Tort doesn't change, but the words for pizza and crisps do, as you will see in these examples.

- дайте мені піцу, будь ласка. **Dayte meni pitsu, bud' laska.** Pizza please.
- дайте мені лимонний торт. **Dayte meni lymonnyy tort.** Lemon cake please.
- дайте мені чіпсів, будь ласка. **Dayte meni chipsiv, bud' laska.** Crisps please.
- дайте мені шоколадний торт. **Dayte meni shokoladnyy tort.** Chocolate cake please.

Here are three final phrases that you can use, together with what you have learned today, to create a micro café dialogue. Perhaps you could use the language from lesson 3 as well. Have fun!

- Це моє кафе. **Tse moye kafe.** This is my café.
- Це меню. **Tse menu.** This is the menu.
- Дякую. **Dyakuyu.** Thank you.
